Professional Summary

I am a full-stack software developer experienced in building web and mobile applications. I developed an Employee Hour Tracker mobile application as my graduation project at the International Open University and an Online Exam Management System for Hijra Bank as part of a community service program. I am currently finalizing a School Management System that will be launched online soon.

I am a highly organized and motivated team leader with proven ability to manage complex responsibilities in demanding environments. Passionate about innovation and continuous learning, I am committed to using my skills to create impactful solutions and contribute positively to society.
